You have to sing the same tune

The express train doesn't stop at [redacted], the closest station from the beach, so we have to take bus from [redacted] one station before
The sand beach with the address is divided into two by tetrapods, so the body should be at one of those beaches

They say the dead whale floated away...
Huh? What's wrong?
Oh
Hmmmm
Apparently the dead whale is 15 meters long
The body is so big, you gotta do something so ridiculous to move it, right?
I don't know
Vrrrroom
But,
Many people said that they went there but the dead whale wasn't there
there are also people who say they saw the whale two hours ago

Hold on!
You're eating on the bus…

Could it be that the reported address might have been wrong?
The dead whale should be at district 4 of [redacted]

Wait
It's a totally different place!
This is pinpoint information.
According to this...
Also
This person was driving on [redacted] bypass from the [redacted] side and then saw the dead whale
Can that happen?
People who followed the reported address couldn't find the whale
I'm not sure

If this was bogus information, then let's go play golf for real!
It's more romantic to find it when it's harder
I wonder if we can go to the beach from here

I see
Buoy?
It could be that a flashing buoy might have been attached on the whale's tale
That's flashing, isn't it?
I just can't do it
There's a rope here
We shouldn't do it!
You know
But how?
Let's go down there
I think it's the whale!
Something smells

No, don't die
You aren't cool, die
